

## Hive Type Barrelrack

(225L)

- Can be stacked up to 8 tiers high.
- Barrelrack for traditionally stacked barrels.
- Reduces occupational risks, by distributing the weight and not letting the upper support rest on the barrel.
- Easy work with its stacking system.

### ◀ TECHNICAL CHARACTERISTICS

Exterior dimensions (length x width x height)

225L 1630 x 840 x 660 mm.

Weight

225L 50 Kg/Unit.

- Manufactured in high-quality steel and welded with high-fusion wire.
- Epoxy Paint in any colour from the RAL colour chart.
- Galvanized or bichromated.
- Degreased, phosphate-coated and mineralized water treatment.
- 300-400 hrs resistance in a saline fog.

 Includes wheels to enable the barrel to be rotated in the stack.

 Moveable with a pallet truck from the side.

 **Modular hive barrelrack.**

 Easy stacking work with its cup system.

 The barrels don't suffer as they only support their own weight.
